

Additional Considerations to your Emergency Action Plan

(Participant showing symptoms during organized team activity)

- 1) What medical supplies will you need in order to deal with a participant who starts showing symptoms
- 2) How will you isolate the participant until they can be removed from the venue
- 3) Will you continue with training session, or cease activity
- 4) What are your regional, organizational and Provincial governing bodies reporting procedures on a suspected case
- 5) Will you communicate with the rest of the training group as to the suspected case
- 6) What will you do if it is the coach that is showing symptoms

Considerations for your Outbreak Plan

(Participant confirmed to have contracted COVID-19)

- 1) Cease all team activities
- 2) Notify your organization
- 3) Notify Basketball Saskatchewan Inc.
- 4) Comply with Healthy Authority Guidelines for monitoring and testing
- 5) Submit tracing documents as needed to Health Authority
- 6) Team/Club will need to reapply for sanctioning to resume activity once cleared of any potential outbreak
